TWO TRAIN WRECKS

CALIFORNIA - BOUND - EXCURSIONS MEET WITH DISASTER.

BOTH ACCIDENTS IN ILLINOIS.

TWO SECTIONS OF A SPECIAL COME TOGETHER NEAR CHICAGO.

Three Persons Burt and Twenty-three Injured-East and West Bound Trains on the Vandalia Collide-Two Killed, Two Fatally Burt.

Chicago, June 20.-A rear end collision between two sections of a Chicago & Northwestern Endonvorers' special train, which left Chicago in nine sections, occurred at West Chicago, thirty miles out, at 12:45 this morning. Two women, Mrs. R. Ship-man, of Appleton, Wis., and Mrs. John Gooding, of Austin, Nev., and a tramp persons were injured. Nearly all of the injured are women, and all of them live in Wisconsin, most of them in Appleton.

The colliding trains were sections Nos. 4 and 5, section No. 5 running into section No. 4, which left Chicago lifteen minutes whend of it. Section No. 4 carried the Wis-consin delegates, nearly less strong, and it the rear sleeper were people from Fond on Lac. Green Bay. Appletos and other Wis-consin cities. Section No. 4 had come to a stop just out of West Chicago, where the Freeport line diverges from the main line, when section No. 5 ran up behind at great speed and struck the rear coach. The esigine of section No. 5 was totally wrecked, but, strange to say, the rear sleeper of section No. 4 was not the one to suffer most. It was driven with terrific force upon the second sleeper, and such was its impetus that it crushed through it as if it had been a card box and reduced it to a mass of wreekage. The passengers in the second speeper were, therefore, the ones to suffer most, and it was in that most of the victims were

The passengers in the two rent sleepers of section No. 4 were all in their terths and most of them were asleep. They received no warning and those not killed outright awoke to find themselves fast in the

right awoke to find themselves fast in the wreckage.
Passengers on both trains hastened to the spot and began the work of rescue.
One of the first of the injuryd taken out was Engineer Charles Couriney, of section No. 5. He had shock to his post like a hero, and is so seriously injured that he cannot live.

A pathetic scene attended the rescue of the two daughters of Mrs. Shipman. The rescuers were attracted to them by their criez. They were unable to extricate them selves, but, though hadly hirr, refused assistance, begging that their mother, le first rescued. Mrs. Shipman was found crushed under a part of the roof and life was extinct when she was taken out.

Mrs. Gooding was probably a lighantly killed. The force of the collision crushed together the partitions of her berils, and she had no possible chance of rescape.

The sections following those which met disaster—6, 7, 8 and 9—carrying 2,500 people, were delayed upward of three hours.

Section 4 was made up of a bagagge car. day boach and seven sleepers, containing 400 passengers.

Section 4 was made up of a bagage car, day coach and seven sleepers, containing 400 passengers.

Assistant General Superintendent William A. Gardner said this morning that he could give no tangible reason yet as to the cause of the accident. The road is run on a semephore block system all the way to Turner Junction," said he. "This blocks a train every 1.500 feet, and in addition we were using last night what we call the positive block system. This consisted in the operators at Maywood, Wheaton and Turner running the trains by wire and keeping-a close tah with the dispatchers as to the time each passed a station. Then the dispatcher regulated the speed and distance between the trains of course, he was compelled to rely entirely upon the accuracy of the time checking done by the operators at the stations named, and unless one of their made a mutake and transmitted the wrong check time, either to the next station or to the dispatcher. I cannot imagine what could have caused the wreck. We had taken every possible precaution to guard against delay and accident and, as I said, worked the positive block as well as our regular semaphore system." worked the positive block as well as our-regular semaphore system."

The investigation indicates that the wrock was caused by Engineer Courtney, of section No. 2, running by the station this

side of West Chicago without having been cleased. Engineer Courtney declares that the sigalso says that he was running carefully, and that there was ample time to stop his train after he had sighted the train in front, but for some reason the air brakes refused to work. As they were in good order at Dixon, five miles back, he believes tramps. Interthealth accidentally

A VANDALIA COLLISION.

East Bound and West Bound Passenger Trains Come Together Near Vandalia, 111.

Indianapolis, Ind., June 39.-Train No. 11 on the Vandalla road, which left this city at 7 o'clock last evening containing a large number of Christian Endeavorers, collided with train No. 6, bound east from St. Louis, at 8:25 o'clock this morning near Vandalia, at 8.29 o clock this morning near Vandalia,
J. J. Turner, general manager of the Vandalia, telegraphed the following statement
to this city at 2 o clock this morning:
"Killed-R. J. Shermah, of Indianapolis,
mail clerk on No. 6; W. P. Coon, of Indianapolis, laggagemaster on No. 11.
"Fatally injured-Samuel Parkinson, of
Columbus, O., mail clerk, crushed in the
wreck, Frank Owens, of Terre Haute, fireman, mangled under the engine.
Train No. 11 left Indianapolis in two sections on account of the heavy San Francisco travel occasioned by the Christian
Lindeaver meeting. Orders were given to
putst No. 6, the east bound passenger train,
at Vandalia, these two trains being due to
meet at that place about 1:30 o'clock this
morning.

It seems from the best information ob-

morning.

It seems from the best information obtainable that the west bound train pulled out of Vandalia without walting for the train from St. Louis. The headight of the west bound engine was extinguished for some time before the crash came.

None of the passengers on either train was injured.

VICTIM OF NEW JOURNALISM.

Herman Nack Arrested for Morder by Reporters but Released by Police.

New York, June 26.-The positive identication by nine men makes it seem cerain that the man who was murdered some time last week and who was cut in two pieces, one of the parts being taken to the Ogden words, near Washington bridge. and the other being thrown into the Best river, from which it was taken at Elev-enth street, is William Guidensuppe, a rubber in the Murray Hill baths. All the rubbers in the baths, as well as Dr. J. S. Cosby, a frequenter of the baths, have identified the femalis of the man at the rorgue. Dr. Cosby's identification was by means of a cicatrix on the finger, caused by a felon, which he had lanced for Gulby a felon, which he had lanced for Gulci densuppe. Mrs. Nack, the midwife, with whom Guldensuppe had lived, was at pe-lice headquarters to-say. Max Riger and, lis wife, who keep a small store on Long Island, identified Mrs. Nack as one of two women who last Wednesday had bought four and one-half yards of red olicioth such as the heats was wrapped in. While this was happening at police head-quarters, two reporters for the Journal and Advertiser, which paper had given the closes lending to Mrs. Nack's arrest, traced Mrs. Nack's husband, Herman Nack, and arrested nim while he was Griving his bakery waron. The police late this afternoon released Nack, saying there was no evidence con-tecting him with the murder. Two boys, while swimming in the Wall-alout basia near the Brooklyn may yard, found two male legs wrapped in a can-vas. It is believed that the legs are those of Guldensuppe.

Butte, Mont., Mining Man Runs Ip Against a Chicago Faro Game, to His Serrow.

Chicago, June 38 .- James Arnold, a minng man of Butte. Mont., reported to the solice to-day that he had been victimized out of \$6,500 by Charles Dunn and Will iam Metcaif, who, the police say, are noted gamblers and ex-convicts. The money was secured by means of a fare game, played in a house at Twentieth and Wabash aveue, where Arnold had been taken by the

nue, where Arnold had been taken by the men last night, estensibly to talk over the sale of a mine which he owned.

Arnold says he met the men in the corridors of the Palace house, where he was a guest. By professing to be capitalists in search of a mining investment, the men become acquainted with Arnold, whose visit to the city was for the purpose, of dispasing of some property. By engagement, Arnold met the men at the house at Twentieth and Wabash avenue.

After a short business talk, in which Dunn and Metcalf agreed to purchase the property a game of fare was suggested. The result was that Arnold lost all he had. After making unsuccessful efforts to regain his money, he reported the matter to the police. Descriptions of Dunn and Metcalf have been printed and sent all over the country.
